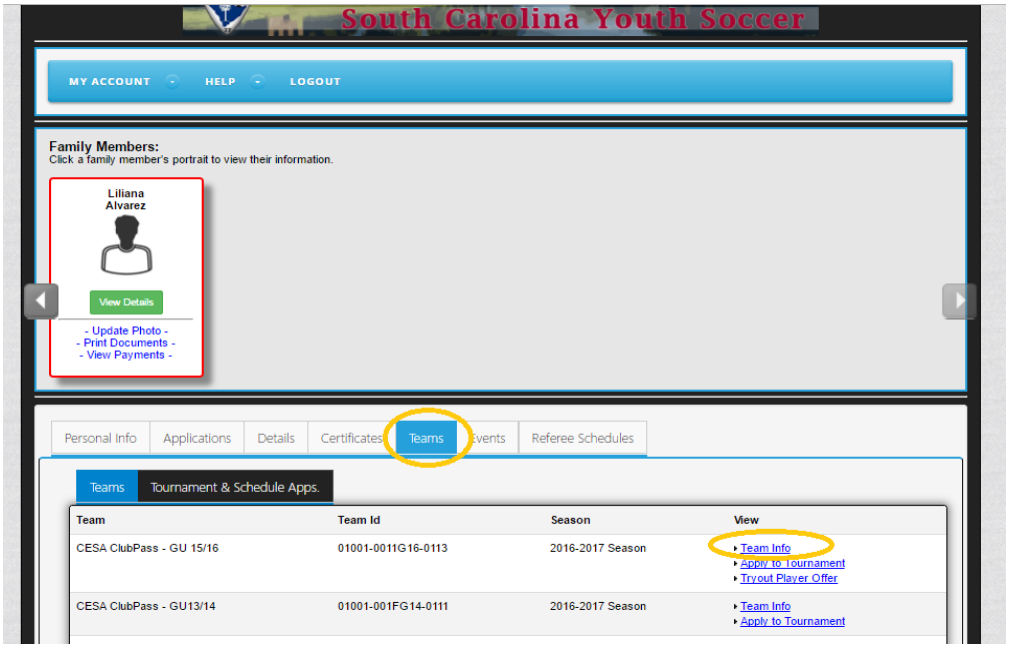
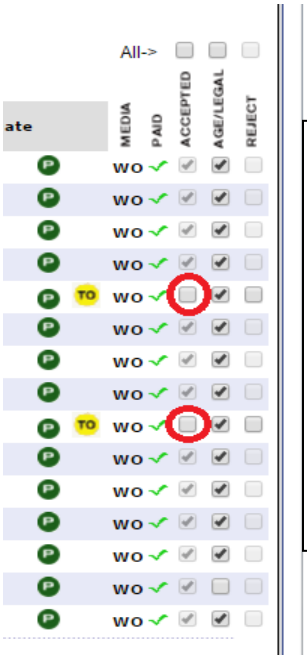
How to view your team roster in Affinity

Login to your Affinity account (hyperlink)

If you don't go straight to the screen shown on the right → find the "MY ACCOUNT" tab located near the top right of the screen and click on My Account.

Click the "Teams" tab then "Team Info" link.





On your team administrator webpage you will see your tentative roster. On the right side of the names, the yellow circle "TO" and unchecked box under "ACCEPTED" means that the player **has not accepted** the position on the team (these players will be removed from the roster by the end of July).

Please DO NOT guide yourself by the "PAID" column; If a player has a checkmark on the box under "PAID" and also has a "TO" yellow circle, it means that the last registration they paid was for tryouts.

To view individual player's contact information click on the player's name.

<u>Buttons located beneath the list of players display the following:</u>

"Print Team Roster/Email" Click to view a list of the team's email address and phone number

"Print Official Roster" Click to print your team's approved/official roster

"Edit Player Team Info" Click to add/view/edit player jersey numbers

"Create Travel Roster" Click to process a Permission to Travel request or a Tournament Guest Player Roster request
